Cristina: Hi, we are back with a fast talk with Usain Bolt.

Usain Bolt (Pepe): Hi I'm Usain Bolt and I'm going to talk about my life as a professional Olympic Athlete.

C: Tell us about you.

P: I am an athlete from Jamaica that I have distinguished myself from the other athletes because I've been eight times winner of the Olympics and I have beaten several world records of 100 and 200 meters flat also because I've been one of the few to get this titles in junior, absolute and junior category.

C: When did you decide to be an athlete?

P: My career as an athlete began at a very young age, with fourteen years I won my first silver medal of 100 meters flat in a school competition in 2001. As my coaches saw that I could have a good future as an athlete, they started to train me and in the same year I started travelling to compete internationally.

C: Wow, you won your first medal when you were fourteen, that's amazing. And how many competitions have you won?

P: The first achievements were in the games cariftas, where I started to be part of the Jamaican team, there I made my first personal mark with 48.28 seconds in the 400 meters and in a world championship in Debrecen (Hungary) I made a personal mark in 200 meters with 21.71 .

C: And did you want to be something else before being an athlete?

P: As I did not take athletics seriously I was enrolled in the Amateur Athletics Association of Jamaica to train with Jermaine González.

C: When did you win your first gold medal?

P: In the junior world championship of athletics in the 200 meters and from then on I started my professional career. And some years later I managed to be the fastest man in the world and I knew that my specialty was 100 meters.

C: Amazing, thank you for being here today with us. It was a pleasure.

P: The pleasure was mine, bye.

C: And now, let's move on to the next section!

D: Do we have a contestant yet?

Contestant (María): Hi?

D: Oh, we have **it!** What's your name?

D: María are you a fan of Usain Bolt?

M: Yes but a friend of mine is a bigger fan so I want to win this t-shirt for him.

D: Great. The rules are easy. You have to answer 3 questions. For every question you will have 10 seconds to respond. Are you ready?

M: Yes.

D: Okay, let's start. At what age did he start his career? ***Tick tock sounds and it finishes when the contestant answers (in every question)***

M: Hm, at fourteen I believe.

D: Correct! Second question, what is his specialty?

M: Let me think, eh, 100 meters.

D: Correct again. You just have to answer this question **correctly** to win the t-shirt. What was his first mark?

M: That's hard, hm, 50 seconds.

D: Oh no, we are sorry but that's not the correct answer, it's 48.28 seconds.

M: It's true, what a shame that I didn't remember it well.

D: Maybe next time. And now, we move on to the last part of our programme.

D: And now, we are going to give you some advice to lose weight. Well, when you think about losing weight, the only thing that you do is doing a sport such as running, riding a bicycle, dancing, swimming... but you won't see any difference.

What you have to do is also to change your diet for a healthy one, you should eat more fruit, vegetables and keep an eye on processed food. Another thing you need to have is a strong mind and willpower.

C: Our program comes to an end, but don't worry, we will be right here tomorrow.

C and D: Bye!
